Caamp

Oh baby, don't freeze up  
It's a tough town  
So you take pills just to slow down  
Truth is, don't come in threes anymore

It feels like I'm just  
Trying to keep my plants alive  
And trying to drink water

Can I get to know you, honey  
And all of your lovely mistakes?  
I've got more than a few to show you, bunny  
So why don't we cut the brakes? Yeah

So you went to Acapulco  
Alone, though, yeah  
You say partners make it so much harder  
Well maybe, hey, maybe we're kind of alike  
And babe, if you want to  
We can try and keep my plants alive  
We can both drink water

Can I get to know you, honey  
And all of your lovely mistakes?  
I've got more than a few to show you, bunny  
So why don't we cut the brakes? Yeah

I don't know why  
But you just seem nice  
And I don't know why  
But you seem so kind

Can I get to know you, honey  
And all of your lovely mistakes?  
I've got a more than a few to show you, my bunny  
So why don't we cut the brakes? Yeah

Yeah
