Mockingbird Song

Caamp

Go on pass me by, you know you aint livin' no life
I'm fed up, with gettin stones thrown at my face
I got my head up, no time to waste

Oh settle down my friends, to kill a mockingbirds a sin
I have lost and found, and lost it all again

Go on pass me by, you know you aint livin' no life
I'm fed up, bitch I swear you led me on
I got my head up, and I'm movin on

Oh settle down my friends, to kill a mockingbirds a sin
I have lost and found, and lost it all again
