

## No Sleep

Caamp

Oh I saw a shooting star late last night  
Yeah she was pointing at the west coast beamin' like a street light  
Got my white denim jacket and my bolo tie  
Snuck past mom and dad and told my little brothers goodbye

Oh I hear a motor car coming up the coast  
You know I've seen other cities but I like this one most  
There's a girl down in the valley says that we can take it slow  
Or we can push fast forward on it, love success and rock and roll

But it gets hard sometimes  
Don't I know it  
I been up for a week  
I can't get no sleep  
I lose my cool

Oh I saw a shooting star late last night  
She's like vanilla ice cream, baby, milky white  
I wanna love her all day and all of the night  
I wanna love her all day for the rest of my life

And it gets hard sometimes  
Don't I know it  
I been up for a week  
I can't get no sleep  
I lose my cool  
And I been up for a week  
I can't get no sleep  
I lose my cool

Say what you mean babe  
C'mon and tell it to me
