

## Peach Fuzz

Caamp

I was in the corner  
Drinking from the punch  
Yeah you were in the kitchen  
Cuttin' up a rug  
No need to complicate it  
I had fallen in love  
With you, so underrated  
Something fillin' up my lungs

Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another

Hey little mamma when you talk back  
I see your eyes light up and I love that  
I'm just a peach fuzz boy, I'm so alone  
No I don't wanna miss you honey, come home

Knock knock, you're coming over  
Couple times a week  
Hanging on my shoulder  
Shaking like a leaf

Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another

Hey little mamma when you talk back  
I see your eyes light up and I love that  
I'm just a peach fuzz boy, I'm so alone  
No I don't wanna miss you honey, come home

Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another  
Every color of your love, I've seen enough, I want another
