

So Cool

Caamp

Feel like a fool
When you're happy snap your fingers
Along to your favorite song
You look so cool when you do that
Feels so good that you can do no wrong

We hate the law
We hate those rules they made for us
Bent them all
Cause breakin' rules is just so cool for us

Spent last fall pickin' apples
Off of the tree
Under the
Remindin' me of pickin' apples
You fell out of the tree
And into my arms

We hate the law
We hate those rules they made for us
Bent them all
Cause breakin' rules is just so cool for us

And oh last Christmas
Oh, I shoulda kissed you
And I was so afraid for the longest time
Think that I missed you

We hate the law
We hate those rules they made for us
Bent them all
Cause breakin' rules is just so cool for us
