

# Foolin' With You

**Cab Calloway**

Now you've broken my heart  
You took it and you threw it about  
What a fool I was to start fooling with you

Oh, I tried to be brave  
But you made me your slave  
What a fool I was to start foo-oo-oo-ooling with you

Then came the day you went away  
And life don't seem the same  
You stole my heart right from start  
Mmh, now to blame

You were the only desire  
You set my heart right on fire  
What a fool I was to start foo-oo-oo-ooling with you

You're my only desire  
You left my heart on fire  
What a fool I was to be foolin' with you
