

## Hey Now - Hey Now

Cab Calloway

I was walkin' up the street, actin' real mellow,  
but deep down in my pockets I had no gold.  
Was feelin' pretty sad when, before my eyes,  
was a million dollar bill that must've fell out the sky!

I said Hey now! (Hey now!)

I took this million dolars and looked for more,  
got halfway up the dock, and I took it real real slow,  
and much to my surprise I was knocked right out,  
when I met a little chick who knew what life was all about.

I said Hey now! (Hey now!)

I got the things that I want, plus a great big car,  
and every day I'm getting more pop-u-lar,  
so say these magic words that can see you through  
when you ain't got no gold, and don't know what to do!

Say "Hey now!"
