

I'll Be Around

Cab Calloway

I'll be around no matter how you treat me now
I'm gonna be around from now on
(Honey, you can never lose me)

Your latest love can never last, and when it's passed
I'll be around when he's gone
(I'll be around, my dear)

Goodbye again
And if you find a love like mine
Just now and then
Drop a line to say you're feelin' fine

And when things go wrong
Perhaps you'll see you're meant for me
So I'll be around from now on

(Goodbye, again)
(And if you find a love like mine)
(Just now and then, dear)
(Drop a line to say you're feelin' mighty fine)

And when things go wrong
Perhaps you'll see, you're meant for me
So I'll be around when he's gone
