

My Gal

Cab Calloway

My gal, I love her
My gal, no one's above her
She came to me out of a clear blue sky
Swept me off my feet

My gal, I'm for her
My gal, I am true to her
She came to me out of a clear blue sky
And swept me off my feet

I want no one else
Underneath the sun
And she's the one I hurry to
When the day is done

My gal, Lord bless her
My gal, I'll do my best for her
She came to me out of a clear blue sky
And swept me off my feet
