Penguin Swing

Cab Calloway

Now you walk with dignity
First your left, and next your right
Then you begin to swing
Oh, doing, doing the penguin swing
Get that flammy swing
Follow me with yours to the sky
Then you will see
You'll be doin', doing the penguin swing
You get below, you stop your flanking
then you glide from side to side
You're high and don't try to fly
There where you do belong

Oh, the penguin swing
Oh, you shake your feet
to the swingin' band
That is all you do
Then you're doin' the penguin swing
