

She's Tall, She's Tan, She's Terrific

Cab Calloway

There's a new gal hit the town
That really knows her way around
She's a sweeter dish that ever has been served
Talk of popularity
Her phone keeps ringing constantly
Such popularity must be deserved
Oh, she's tall, she's tan, she's terrific, yowza
She just arrived in town from Tennessee
I'll say you say she's terrific, yowza

When she turns on that southern personality
To set you right, she's dynamite
Three words describe her charms galore
Just three words and I don't mean more
She's tan, she's tan, she's terrific
Streamlined Lulu Belle from Tennessee
