

## Weakness

**Cab Calloway**

I've only got one weakness:  
Baby darling, that one is you.  
I'll always keep my weakness,  
Forever my whole life through.  
You are the one,  
You beautiful son of a gun,  
My life would be done without you.  
I've only got one weakness:  
Oh, babe, baby darling, it's you!
