

## Still Cursed

CABAL

Still cursed, still cursed  
Empty eyes open wide, I only see the worst  
Still cursed, still cursed  
So close to the end, I can taste the dirt  
Still cursed, still cursed  
Empty eyes turn white, my soul it burns  
Still cursed, still cursed  
So close to my end, but I know I'll suffer first

It's sunk it's claws in me  
Why won't it let me be, six feet deep, from misery  
I'll be free  
I can't sleep, I can't eat, but I just push through while the w  
orld crumbles at my feet  
Everything I touch turns to ash, no river or flood could ever w  
ash, this mark off of my soul, rot spreads through flesh and bo  
ne, starring at the void waiting for it to swallow me whole  
Swallow me whole, devour my soul, oh nothingness take me home

Still cursed, still cursed  
Empty eyes open wide, I only see the worst  
Still cursed, still cursed  
So close to the end, I can taste the dirt  
Still cursed, still cursed  
Empty eyes turn white, my soul it burns  
Still cursed, still cursed  
So close to my end, but I know I'll suffer first

Adhuc maledictus, no one can save us  
It won't let me slip away  
I feel my soul decay, still cursed, still stuck in my ways  
Still cursed

Still cursed, still cursed  
Empty eyes open wide, I only see the worst  
Still cursed, still cursed  
So close to the end, I can taste the dirt  
Still cursed, still cursed  
Empty eyes turn white, my soul it burns  
Still cursed, still cursed  
So close to my end, but I know I'll suffer first
