

## Violent Ends

CABAL

Hypocrisy ridden and rotten to the core  
This world doesn't hold a place for you any more  
A waste of skin, a waste of breath  
You've lit the fuse, now watch it burn  
Nothing left, certain death

Kill the pigs, and slaughter the swine  
Wash the streets in their blood, watch it flow like wine  
Kill the pigs, and slaughter the swine  
You've put a target on your chest, you're next in line

I hope you'll be the one to feel the pressure on your neck  
I pray you'll be the one who's left with no breath  
So when the light leaves your bloodshot eyes  
No one hears your pleas, no one answers your cries

Violence begets violence  
Violent lives they meet violent ends  
It's far too late to make amends  
Vengeance over repentance

Violent lives they meet violent ends  
Vengeance over repentance

Hypocrisy ridden and rotten to the core  
This world doesn't hold a place for you any more  
A waste of skin, a waste of breath  
You've lit the fuse, now watch it burn  
Nothing left, certain death

Kill the pigs, and slaughter the swine  
Wash the streets in their blood, watch it flow like wine  
Kill the pigs, and slaughter the swine  
You've put a target on your chest, you're next in line

When I look at you I don't see a man in power  
All I see is a fucking coward

You fucking coward

So try to run if you think that you can  
Justice might be blind, but she bows to no man
