

## Code

Cabaret Voltaire

Give me your code

Tell me where did you come from  
Give me your name  
I know you know where this belongs  
Give me your code  
I can't stop I know it's wrong  
Give me your name  
I'll soon be gone  
Give me your code

Listen, don't talk  
I need this a lot  
Soon I'll be gone
