

## Feel so Good

Cactus

And outer galaxy, Alpha  
Centauri  
Feels good  
I'm stranded on a spaceship  
hideaway  
And something makes me  
think I'm here to stay  
I'm so happy where I am  
Feels good  
I've journeyed to the other  
atmospheres  
And every breath I take just  
makes it clear  
I'm holding Heaven in my  
hands  
It's automatic baby and it  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
These extra-sensory  
sensations  
Are causing me some  
complications  
Electrostatic information  
Feels good  
I'm playing with a pleasure  
trafficker  
Arriving soon intergalactica  
I'm holding Heaven in my  
hands  
It's automatic baby and it  
feels good  
Feels good  
Feels good  
Feels good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
Feels so good  
Feels so good  
Feels so good  
Feels good  
Feels so good  
Feels so good  
Feels so good  
Feels good  
I'm stranded on a spaceship  
hideaway  
Feels good

When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
I'll fight for the Moon, Mars,  
Jupiter  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good  
Feels good  
When it feels so good
