

Speechless

Cadet

Oh-oh, oh, oh
Oh-oh-oh, oh, oh
Oh, oh-oh
Oh, oh

And you'll be, in a world of pure infatuation
And you'll see, when you're with me
How I really make you feel, yeah

Uh, look
I'm tryna open up
That's mad 'cause I never really open up
I'm tryna tell you that I'm diggin' your vibes
Like honestly babe you're dope as fuck
Me and my ex-girl, we just woken up
Like officially done and we broken up (Done)
And it feel like it happened at the right kinda time
'Cause it kinda made space for the both us (Space)
And I ain't sayin' that I'm lookin' for a wifey (Nah)
But I do wanna do shit the right way
Look a nigga been scatty for the longest
Girl, beat and then bounce, it was my way
Like yo babe, where you at now?
You wanna come 'round? It's a friday (Yeah)
Put a film on, that we won't watch
Lift your leg up, hit it the sideways (Yeah)
When I come to see you girl, I'm tryna go [?]
Spent bare time, lookin body and shape, and it's mad
That time was the biggest waste
But I spent time tryna find the smallest waist but-
Like, can you deal with a nigga with a past like mine?
If I told you I beat one of your friends
Honestly, could you get past that time?
If you can't then, I can't blame me
No goin' back then, it was shameful
But I'm feelin' a spark when I'm with you
Except for all those days I would trade you
But I ain't tryna talk too much
But it's normally girls I talk too much but-
Forgive me when I'm stuttering

'Cause like, I can't never find the words when I talk to you like
And I said, and you said, and that time
And we was like, and I was like
I can't never find the words when I talk to you like 'cause
How I feel, when you feel, I like when-
You know what, fuck man
I can't never find the words when I talk to you like 'cause
When I said, and you said
And they said, and they heard that- and like
I can't never find the words when I talk to you like 'cause
How I feel, how you feel, it's like
Kinda mad 'cause, you know why it's mad?
I can't never find the words when I talk to you

Somehow you face 'em
Makes me stumble, won't lose my placement, yeah

I'm tryna put together a cool sentence
But you got me sounding like alien
And bare stuttering, bare liftin'
You got me sounding RS listen
I get lost for words when I'm lookin' at your face
No jewels but your whole shit glisten
And like I know like it sounds like I'm tryna be serious
But I ain't unserious (I'm not)
It's the only time my feelings are mentioned
So don't get [?], I'm just ventin' (Yeah)
Look I just wanna say that, like- (Listen)
But I don't really know what I'm tryna say but like- (Shit glistens)
Anyway let me flow it back
Like any way I like what you did with your hair
Girl when you had the braid and the gold clips (Gold clips)
When you said you was gettin' it done, that was [?] then I saw you went to t
he whole shit
And I'ma keep it one hundred, and keep you in the scoop
Never once would I want to make you feel dumb
And I don't want them eyelash, fingers no more
Fuck that, man I wanna see your real ones but like shit-
Man I knew you would made me fuck up my verse
It was going all good until I thought about your face and now I can't find m
y words but-
The next drop, I'ma catch it, I got it
Fuck, shit (I wanna see a real one)

I can't never find the words when I talk to you like
When you said, and I was like
And I said, and I thought, yeah
I can't never find the words when I talk to you like 'cause
That time, when I was like, when I felt out my mind, it was like
I can't never find the words when I talk to you like 'cause
When you smile and I'm like "Oh shit", haha, listen
I can't never find the words when I talk to you like 'cause
When I'm with, it was like, when I said and you said
And I think
I can't never find the words when I talk to you 'cause
When I said and you was like
And I, and that time, haha
I can't never find the words when I talk to you like
You probably won't even remember but-
You was like and then, haha
I can't never find the words when I talk to you 'cause
I think, most of the time like, just, it's kinda mad 'cause
I can't never find the words when I talk to you 'cause
When I say and you don't and I think
And you just, stand there and smile, man
I can't never find the words when I talk to you
