I wanna know your dark side  
I wanna know your secrets  
I wanna be your lifeline  
So I wait for you, wait for me  
Wait for you, wait for me

Tell me you're more than just a highlight  
Pretty pictures on the outside  
I hate to stare at you through these lights  
So I wait for you, wait for me  
Wait for you, wait for me

Click and scroll, I can't let you go  
They say I'm addicted to you  
Click and scroll, I can't let you go  
They say I'm addicted to you, oh oh

This ain't love, no no  
This ain't love, no no  
This is artificial  
This ain't love, no no  
This ain't love, no no  
This is artificial

I wanna know you inside and out  
Wanna know whats behind the lights  
Wanna feel that real love from within  
Let me in, I want  
Real love, real hearts, you're just, enough  
To get me through, get me through, 'cause  
You're officially perfect, for me  
So I wait for you, wait for you

Up all night thinking, passing the time  
Anxiously waiting, you're on my mind  
Losing and winning, can't get it right  
Hoping you see me for more than just likes  
Up all night thinking, am I on your mind?  
Will you come meet me and change my life  
This love could be deeper to sink in  
Will you love me
