

Behind these eyes  
Secrets lie  
Behind your walls  
Broken doors  
A single rose  
A thorn will grow  
Tell me your fears  
They'll stay right here

You're in so deep  
You feel my skin  
On top of yours  
Can we begin  
You're in so deep  
You see too much  
Loving me  
Is a little rough

I, I want you to love me  
I want you to hurt me  
I want you to save me  
I, I want you to love me  
I want you to hurt me  
I want you to save me

Dive in  
You might never see the bottom  
But the mystery is awesome  
Don't let me be forgotten

A single rose  
A thorn will grow  
Tell me your fears  
They'll stay right here

You're in so deep  
You feel my skin

On top of yours  
Can we begin  
You're in so deep  
You see too much  
Loving me  
Is a little rough

I, I want you to love me  
I want you to hurt me  
I want you to save me  
I, I want you to love me  
I want you to hurt me  
I want you to save me
