Feeling It

Cadmium

Time stood still when you said those words
You stabbed me in the heart and it still hurts
But the pain of losing you was not the worst part
It was knowing how you played me from the start

And now I'm feelin' it, feelin' it, feelin' it, feelin' it
When I see your face
Oh, I'm feelin' it, feelin' it, feelin' it, feelin' it
And you won't erase

Ooh, the heart you want is gone you made sure of that
Ooh, that part of me moved on no taking it back
No, you're not getting me back

No, you're not getting me back

I'm feelin' it, I'm feelin' it, feelin' it when I see your face
I'm feelin' it, ohh, I'm feelin' it

My mind's still all out of sorts
Your words cut me in two like they were swords
But the dream of you and I it was enough
To keep me pushing forward into love

And now I'm feelin' it, feelin' it, feelin' it, feelin' it
When I see your face
Oh, I'm feelin' it, feelin' it, feelin' it, feelin' it
And you won't erase

Ooh, the heart you want is gone you made sure of that
Ooh, that part of me moved on no taking it back
No, you're not getting me back

No, you're not getting me back

I'm feelin' it, I'm feelin' it, feelin' it when I see your face
I'm feelin' it, ohh, I'm feelin' it
