

## Just A Kid

Cadmium

Oh

Everybody  
Always asks me  
What if feels like  
To be thirty

Any regrets?  
Any big dreams?  
Do you see things  
More clearly?

Truth is I don't ever know just what the fuck I'm doing  
Spin around in circles  
Somehow I'll make it through it  
Yeah  
My life's a mess  
Should be depressed  
But I'm not upset  
'Cause

I'm just a kid  
I'm just a kid  
And I'ma stay that way forever  
I'm just a kid  
I'm just a kid  
'Cause when you're young everything's better

Don't tell me to grow up  
I'll just ignore ya  
I won't feel bad 'cause  
I'm just a kid  
I'm just a kid  
And I'ma stay that way forever

Mom and dad think  
I suck at life  
They hoped I'd be rich  
By this time

I got no big plans  
My head's in the sand  
I'm plugging my ears  
To their demands

My friends are buying houses  
Two-thousand acre homes yeah  
I'm barely making ends meet  
This hut I made of stone  
Oh well  
My life's a sham  
Don't give a damn  
It's what I planned  
'Cause

I'm just a kid  
I'm just a kid

And I'ma stay that way forever  
I'm just a kid  
I'm just a kid  
'Cause when you're young everything's better

Don't tell me to grow up  
I'll just ignore ya  
I won't feel bad 'cause  
I'm just a kid  
I'm just a kid  
And I'ma stay that way forever
