

Kingdom

Cadmium

I'll start from holy ground
A piece of land
Where tumbleweeds roll down
Nothing but sand

I'll build up every stone
I'll make it through sweat and bones
And when, my hands are growing tired
I come alive

Kingdom my kingdom, ooh
Kingdom my kingdom
(I come alive)
Kingdom my kingdom, ooh
Kingdom my kingdom

I was on the sideline
Now I m starting up a fight
In the name of freedom
Told you I just want my kingdom

Kingdom my kingdom, ooh
Kingdom my kingdom
Yeah, I just want my kingdom
Kingdom my kingdom, ooh
Kingdom my kingdom
Yeah, I just want my kingdom

Up on my ivory tower
I'll hear the bells
Ring in the darkest hour
Warning our bridges fell

I'll build up every stone
They break and I still hold on
And when my hands are growing tired
I come alive

Kingdom my kingdom, ooh
Kingdom my kingdom
(I come alive)
Kingdom my kingdom, ooh
Kingdom my kingdom

I was on the sideline
Now I m starting up a fight
In the name of freedom
Told ya I just want my kingdom

Kingdom my kingdom, ooh
Kingdom my kingdom
Yes, I just want my kingdom
Kingdom my kingdom, ooh
Kingdom my kingdom
Yes, I just want my kingdom

And when the walls are falling down

I'll never hold back now
Stand with my flag on the frontline
Yes, I just want my kingdom

Now there's no going back
To the man that I was
So I'll keep going strong
I just want my kingdom
There's no way that I can
Make them all understand
So I'll prove them wrong
I just want my kingdom

Kingdom my kingdom, woah...
Kingdom my kingdom
Yes, I just want my kingdom
Kingdom my kingdom, ooh
Kingdom my kingdom (ooh, I'll build my kingdom, woah...)
Kingdom my kingdom, ooh
Kingdom my kingdom (I'll build my kingdom, woah...)
Kingdom my kingdom, ooh
Kingdom my kingdom (I'll build kingdom, woah...)
My kingdom kingdom
