

Been there and done that
I don't wanna look back
I don't wanna go back to that
Took me so long
To figure it out how
You and I don't belong

You don't care about the part of me
That gave you my heart, yeah
Gave it my all, but
It's all in my head, yeah
It's all in my head, I
Just wanted to know, I
Just wanted to know

Why did you take my light
The tourment will not survive
I can't wait for the sun to shine bright through me
I can't wait for the sun to shine bright through me
Sun to shine bright through me

Stars are broken
Everything's spoken
No longer a mystery, no
Now that I'm sober
I'm glad that it's over
Completely took over me now

I don't care about the part of you
That shoot me your heart
False word were said, but
It's all in my head, yeah
It's all in my head, I
Just wanted to know, I
Just wanted to know

Why did you take my light
The tourment will not survive
I can't wait for the sun to shine bright through me
I can't wait for the sun to shine bright through me
Sun to shine bright through me
