

Thinking About You

Cadmium

I can't
Stop thinking about you
I can't
I can't

Walking alone in the middle of the night
We shine brighter than a diamond
We were strangers at the start
Now we can't be apart

Sitting in the back of the cab
Listen to hits from the past
Memories slowly arouse

I can't
Stop thinking about you
I can't
Stop thinking about you

Whenever I'm not with you
It feels like falling down
I can't
Stop thinking about you
Stop thinking about you
Stop thinking about you
Stop thinking about you

Looking at pictures from the past
Want to remember what we had
Haven't found anyone like you
Baby I don't know what to do

I'm trying to figure it out
But my mind is filled with doubt
When you're not here by my side

I can't
Stop thinking about you
I can't
Stop thinking about you

You can never say never
Was what they sang
The fray from my speakers
When we laid in bed
Younger now than we were before
It's you that I truly adore
Ooh ooh ooh

I can't
Stop thinking about you
I can't
Stop thinking about you
Stop thinking about you
Yeah

Oh oh oh oh oh
Ooh ooh ooh...
