Cady Groves

I know you saw me when you walked in
Ain't that many people here tonight
And I swear to God you're talkin'
To every other person here
Why you acting like a stranger
Like you don't even know me
It's like you forgot
Cause it wasn't that long ago

We were fire
We were magic
I don't know what happened

It's like I'm in camouflage
And you can't even see me
Baby, it's like I'm invisible
You got me feelin' crazy
It's like I ain't even here
I'm really just a ghost
I know I said good-bye
Why can't you say hello
Why won't you look at me
Baby, just look at me
Why won't you look at me
It's like I'm in camouflage
Mmm...

Used to tell you all my secrets
You know everything about me
Used to tell me that you loved me
So, tell me why the hell boy now
You're acting like a stranger
Like you don't even know me
Like you never kissed me
Why you being so cold

We were fire
We were magic
I don't know what happened

It's like I'm in camouflage
You can't even see me
Baby, it's like I'm invisible
You got me feelin' crazy
It's like I ain't even here
I'm really just a ghost
I know I said good-bye
Why can't you say hello
Why won't you look at me
Baby, just look at me
Why won't you look at me
It's like I'm in camouflage
Ooh...

It's like I'm in camouflage
And you can't even see me, no
It's like I'm invisible

You got me feelin' crazy
It's like I ain't even here
I'm really just a ghost
I know I said good-bye
Why can't you say hello
Why won't you look at me
Baby, just look at me
Why won't you look at me
It's like I'm in camouflage
Yeah...
