

Temperamental

Cady Groves

I hear a buzz 3 AM
I'm pretty sure it's you again
But, the telephone is a deadly thing
You always say say say
Say whatcha gonna do do do
But ya never do it, I I I
I'm just like anybody else
Don't wanna spend my whole life
All by myself

Why do you only only
Call when you're lonely lonely
You make me oh so temperamental
I'm going crazy crazy
Yeah, I can't eat, drink or sleep
Maybe I'm just too sentimental
You know you're a psycho
Yeah, you break me up
And you turn me on
Then you kick me out
Yeah, you only only
Call when you're lonely lonely
And I'm a bit too temperamental
For this sort of thing, yeah, yeah
I'm a bit too temperamental

I'm still awake, 6 AM
I guess you're in her bed again
I was just a benefit friend
You always say, say, say
Say whatcha gonna do do do
But ya never do it, I I I
I'm just like anybody else
Don't wanna spend my whole life
All by myself

Why do you only only
Call when you're lonely lonely
You make me oh so temperamental
I'm going crazy crazy
Yeah, I can't eat, drink or sleep
Maybe I'm just too sentimental
You know you're a psycho
Yeah, you break me up
And you turn me on
Then you kick me out
Yeah, you only only
Call when you're lonely lonely
And I'm a bit too temperamental
For this sort of thing, yeah, yeah
I'm a bit too temperamental
For this sort of thing, yeah, yeah
I'm a bit too temperamental

You're the one who lied
And I'm the one who tried
To tell myself that it'll be alright

You're the one who lied
And I'm the one who tried
To tell myself that it'll be alright

Why do you only only
Call when you're lonely lonely
You make me oh so temperamental
I'm going crazy crazy
Yeah, I can't eat, drink or sleep
Maybe I'm just too sentimental
You know you're a psycho
Yeah, you break me up
And you turn me on
Then you kick me out
Yeah, you only only
Call when you're lonely lonely
And I'm a bit too temperamental
For this sort of thing, yeah, yeah
I'm a bit too temperamental
For this sort of thing, yeah, yeah
I'm a bit too temperamental

I hear a buzz 3 AM
I'm pretty sure it's you again
