

We're the Sh!t

Cady Groves

You know we're so alone wherever we go
You know we don't fit in, we'll never fit in
You know we fly at risk, yeah we're flying at risk

Ehh-hey cuz we're the sh!t, we're the sh!t, we're the sh!t

So what if all we do don't make any sense
You're just so full of it, at least we don't pretend
And if you mess with one then you're messing with three

Oohwee cuz we're the sh!t we're the sh!t we're the sh!t

Now we're on top of our game
Yeah we're one in the same
And nothings ever gonna break up what we've found
And I promise we are never going down
We will never go, we'll never go
We will never go down
We will never go, we'll never go
We will never go down
We're the sh!t, we're the sh!t, we're the sh!t
Yeah-yeah
We're the sh!t, we're the sh!t

Just like a boomerang we'll always come back
So throw your word grenades, we love the attack
And so before you act just consider the fact
That we're the sh!t,, we're the sh!t, we're the sh!t

Now we're on top of our game
Yeah we're one in the same
And nothings ever gonna break up what we've found
And I promise we are never going down
We will never go, we'll never go
We will never go down
We will never go, we'll never go
We will never go down

Lalala lalala lalalala
Lalala lalala lalalala

There's no excuse for letting them pull you under

And I promise we are never going down
We'll never go, NO!
We'll never go down
We will never go, we'll never go
We will never go down

We're the sh!t, we're the sh!t
Yeah-yeah
We're the sh!t, we're the sh!t
And no one's gonna change ya
We're the sh!t, we're the sh!t
We're here because we know
We're the sh!t, we're the sh!t
And I'll scream it with ya

We're the sh!t, we're the sh!t
Yeah-yeah
We're the sh!t, we're the sh!t
We're the sh!t, we're the sh!t
Yeah-yeah
We're the sh!t
And I promise we are never going down
