

We Survive

Cady Groves

Katie had both knees on the floor, begging more
Praying that they'd be alright
And all the holes in the walls covers them all, hoping she won't
see the light
But we survive, we survive

Katie says it wasn't a waste cause she got a taste of what she
doesn't need in her life
And she got up off her knees, begged momma please
"Tell me Imma be alright"
She told her "We survive, we survive"

Cause Sara can't hold on any longer
Cause Jerrod don't come home at night
And Jamie lost his job in the summer and now his momma's losing
the fight
When life gets hard, when shit gets dark and everything is fall
ing apart
We survive, we survive

Johnny was just a good ol' boy who caught Jenny's eye
Thought he was the love of her life
Came out of nowhere the day, he walked away, went back to his b
eautiful wife
But we survive, we survive

And Sara can't hold on any longer
Cause Jerrod don't come home at night
And Jamie lost his job in the summer and now his momma's losing
the fight
When life gets hard, when shit gets dark and everything is fall
ing apart
We survive, we survive

And if you think you got nothin' left
And you can't breathe, take another breath
Cause you can always survive

Cause Sara can't hold on any longer
Cause Jerrod don't come home at night
And Jamie lost his job in the summer and now his momma's losing
the fight
When life gets hard, when shit gets dark and everything is fall
ing apart
We survive, we survive, we survive
We survive

And Sara finally got what she wanted, she married Joshua last J

uly

And Jamie got a job as a doctor, he thinks about his mom every
night

We survive, we survive
