

## Talk About, Tattoos

Caesar

Why talk about tattoos  
Dawn already on it's way  
Please, bring a happy song  
Let them bring it on

Now, on this savage hour  
We cannot be more astray  
Please, not a crappy song  
I'm already gone

Pretty ragged fiesta  
Infinito, see the stars  
Neverending, never is now

While, while my tired bones  
Try to keep me on my way  
Please, just one happy song  
Just to get me home

(Ahah)

Pretty ragged, pretty star  
Everlasting fiesta  
I am ready when you are  
Just don't get it, too far gone  
You have said it, baby's in noir
