

## Black Heart

Caesars

My baby has got a black heart  
They says she's got a black heart  
She knows that it's my favourite colour  
My baby has got a fast car  
She's got a really fast car  
She takes me anywhere I want to

She says "Boy don't you let them bring you down"  
She says "Hey, you're the sweetest boy around"

Look in to her black eyes  
When I look in to her black eyes  
I know I'll never want no other  
And when she takes her big hand  
And holds me tight against her  
We're just perfect for each other

She says "Boy don't you let them bring you down"  
She says "Hey, you're the sweetest boy around"

She says "Boy don't you let them bring you down"  
She says "Hey, you're the sweetest boy around"

My baby has got a black heart  
They says she's got a black heart  
She knows that it's my favourite colour
