

## Turn It Off

Caesars

It hits my mind right through my eyes  
It hits my mind right through my ears  
It hits my soul right through the air  
But I feel nothing but despair

And it just makes me feel so empty  
Then it just makes me feel so sad  
So can't you please just turn it off?  
'Cause it will never make me glad

That song is eating up my brain  
This chokes my world without restrains  
It hits me time and time again  
Trying hard to be my friend

But it just makes me feel so empty  
And it just makes me feel so sad  
So can't you please just turn it off?  
'Cause it will never make me glad

And it just makes me feel so empty  
And it just makes me feel so sad  
So can't you please just turn it off?  
'Cause it will never make me glad
