

# Avid Athlete

Cafuné

I got a bad attitude that I can't lose  
Try to improve our communication  
But after noon, after you  
Now I've lost my motivation

'Cause you were the one who was always supposed to be there for me  
I end up dealing alone  
You were never ever really truly there for me  
But I'll still get on the phone

Why don't you make me a real offer?  
I'm sure you can make it look real good  
Lay your life down on the altar  
Hold your hand, say I knew you would  
All of the memories are folding in  
One on top of another  
Don't sacrifice your truth  
You'll never be me and I don't want to be you

She said you were an avid athlete  
Nowadays you won't walk up your street  
She said you were an avid athlete  
But these days you can't be bothered to meet

I got a bad attitude that I can't choose  
You're all over the place, and I'm over you  
It's all through now and not too soon  
I'm no longer involved in the things you do

'Cause you were the one who was always changing the plans with me  
Last minute leaving me 'lone  
And you were the one who took all of our feelings and ran from me  
Blamin' me for what you'd done

Why don't you make me a real offer?  
I'm sure you can make it look real good  
Lay your life down on the altar  
Hold your hand, say I knew you would  
All of the memories are folding in  
One on top of another  
Don't sacrifice your truth  
You'll never be me, and I don't want to be you

She said you were an avid athlete  
Nowadays you won't walk up your street  
She said you were an avid athlete  
But these days you can't be bothered to meet  
Though once you were an avid athlete  
Now you've finally got nobody to beat  
Not even me  
Not even me
