

## e-Asphyxiation

Cafuné

I don't wanna post my face anymore  
It doesn't have the same appeal as before the days of strangers  
' gazes  
Looking 'round at girls that made it  
But what can I do? It's better if you do

I'm tied down too tight, by all these  
Phone screen obligations, e-Asphyxiation  
I can't close my eyes, with all these  
Phone screen obligations, e-Asphyxiation

God damn  
I am tired of trying to pose my body  
I'm now way too old to party  
(Ya) gotta keep engagement high  
Or might as well not even try and  
Who are all those people? Staring through your selfie view?  
But what can you do? I heard it's better if you do

I'm tied down too tight, by all these  
Phone screen obligations, e-Asphyxiation  
I can't close my eyes with all these  
Phone screen obligations, e-Asphyxiation

Why do I have to prove that I am alive online?  
I'm tied down too tight, by all these  
Phone screen obligations, e-Asphyxiation  
I can't close my eyes with all these  
Phone screen obligations, e-Asphyxiation

(Don't wanna)  
Brag or give my cell  
(Don't wanna)  
Tag my locale  
I just want to stay home by myself  
I just wanna stay home ...  
(Don't wanna)  
Buy your GPT  
I wouldn't do that shit for free  
I just wanna stay home, just with me  
I just wanna stay home, just with me
