How Can I Explain

Cafuné

Feel so down, not so quick, but don't put on
Too much now, waiting on you to find out
That I will let you run ahead

Seems so far away and it seemed a fake
Well anything you say, I will get what I take
It seemed that way, it seemed that way, it seemed that way

How can I explain this to you?
I'm talking with no tongue
You build me up, enough
How can I explain this to you?
I'm talking with no tongue
You build me up, enough

Feel it now, I knew it, I knew I had a feel for you
Chemistry was violent
And sucked me dry like a branch that won't decay
Hey, I thought that it would come around without a word
And so far babe, I haven't heard
And anyway, you should stay, you should stay

Seems so far away and it seemed a fake
Well anything you say, I will get what I take
It seemed that way, it seemed that way, it seemed that way

How can I explain this to you?
I'm talking with no tongue
You build me up, enough
How can I explain this to you?
I'm talking with no tongue
You build me up now

Wash off all the pain been causing
I want someone to keep the moment holding on

(I'm talking with no tongue, you build me)
(I'm talking with no tongue, you build me up)
(I'm talking with no tongue, you build me up)
Build me up
