

# Ok On My Own

Cafuné

It's not enough, it's not enough  
It's not enough it's not  
Rip it up, try and clean it but  
Self-sabotage like a paper cut

Day wasn't mine, watch passing time  
Attacking my front line, but I feel fine

Waiting on, some bitter love  
Been keeping up all night  
It's not enough, like once a month  
I open up my eyes

Day wasn't mine, watch passing time  
Attacking my front line, but I feel fine

Keep on trying till it's over  
Only time that I comply  
Set myself up for a fortune  
Once I stop telling this lie  
Wan' be okay on my own  
As I get older  
I feel even more alone  
Lost track of where I'm coming from

I've been writing, reciting these words - já nem sei mais (now I don't know)  
if its worth  
Life by her side doesn't work, 5 minutes I get nerve  
Itching, I'm grabbing a spliff, piffin' like I'm tryna quit  
Living, I hop in the whip, gotta get out this shit  
And I don't even drive I just Vinny Chase it  
Meaning I don't want that drama around me when I make it  
And baby we got a past but that's all in the past  
My mentality now is money orientated  
Your ego must be inflated I pray that gravity hit you  
We been through a lot but you ain't bringing me down with you  
Nah, fico fudido se eu lembro do que eu preciso [Depression hits when I remember what I need]  
Sozinho eu to bem agora mas era melhor contigo [Alone, I'm fine now, but it was better with you]  
Sem aviso ela se foi do nada meteu o pé [Without any warning she left]  
Me deixou liso levou tudo incluindo a minha fé [Left me bare, took even my faith]  
E eu com esses gringo falando dessa mulher [And now I'm talking with these gringos about her]  
Não é engraçado o que mais faz falta é o seu cafuné yeah [Ain't it funny what I miss the most is your cafuné?]

Keep on trying till it's over  
Only time that I comply  
Set myself up for a fortune  
Once I stop telling this lie  
Wan' be okay on my own  
As I get older  
I feel even more alone  
Lost track of where I'm coming from

Waiting on, some bitter love  
Been keeping up all night  
It's not enough, like once a month  
I open up my eyes

Day wasn't mine, watch passing time  
Attacking my front line, but I feel fine
