Runaways

Cafuné

I've seen all I wanted to say
And I'm green, but I've seen all the days inside
I'm breathing in dust, yeah, I'm breathing in dust
Feels like night when I start the day
I can sleep, but I wanted to wait
I keep on breathing in dust, I'm breathing in dust

I must've had lust, yeah, I must've had lust
For the life way out at sea

Say I'm sorry
But I'm running away, I'm running away
I'm up under the edge, all the words that you said
All are running away, running away

I'm gone for awhile, but babe
You've got moments we both can save
For we've been breathing in dust; I don't want to; I must
Still was cloudy, there's still a haze
Give me some time for always
We've been breathing in dust; yeah, we're breathing in dust

I'm on the edge, I just, I just need a heart
A bleeding heart I can trust

Say I'm sorry
But I'm running away, I'm running away
I'm up under the edge, all the words that you said
All are running away, I'm running away
I'm sorry
But I'm running away, I'm running away
I'm up under the edge, all the words that you said
All are running away, they're running away

Give me time, I got a long, long way
I don't mind if you come, but you can't stay
I can't hit rewind for those days I never chased my fear away

Say I'm sorry
But I'm running away, I'm running away
I'm up under the edge, all the words that you said
All are running away, I'm running away
I'm sorry
(Taking in your skin 'cause it's not hard to begin)
But I'm running away, I'm running away
(But there's somewhere that I'm running; there is another way)
I'm up under the edge, all the words that you said
(But you tried just waiting for; there's too much left on the floor)
All are running away, they're running away
(... and you give me some more...)
Say I'm sorry
(I said I'm sorry, I said I'm sorry)
But I'm running away, I'm running away
(I said I'm sorry, I said I'm sorry)
I'm up under the edge, all the words that you said
(I said I'm sorry, I said I'm sorry, I said I'm)
All are running away, I'm running away
