

Looking out my window  
Wonder how it came to be  
Feel just like a temple  
Lifted by a gentle breeze

Ugly as a suitcase  
I can see it stretch for days  
Hanging on a sunset  
Softly trampled by the rain

Way too long, hold on, hold on  
Dead and gone so long hold on  
Way too long, hold on, hold on  
Dead and gone, so long, hold on, so long, hold on

Looking out my window  
Trying to find a hiding place  
Climb into the tree tops  
Watch it all just drift away

Way too long, hold on, hold on  
Dead and gone so long hold on  
Way too long, hold on, hold on  
Dead and gone, so long, hold on, so long, hold on

Way too long, hold on, hold on  
Dead and gone so long hold on  
Way too long, hold on, hold on  
Dead and gone, so long, hold on, so long, hold on
