

## Good Time

Cage the Elephant

I'm the bright lights, I'm the feature  
I'm a space head, I'm a creature  
I'm a lover, I'm a fable  
I'm the glutton at your table  
Tap dancing, dancing in the tapestry  
Last standing, gasping for relief  
A fracture in the fantasy  
Space elevator, serendipity  
Once more, repeat it back to me  
My answer to the apathy  
Up front, back to the balcony  
Get lit

Everybody had a good time, everybody had a good time  
Everybody had a good time, better yet, I'm getting mine  
Everybody had a good laugh, laughed until we cried  
Everybody had a good time, everybody had a good

Whatever you need from me, my heart to hold  
My hands, my feet, my tongue, my cheek  
My teeth, my more and more and more and more wants more and more  
e  
On unbelief, my trust, my lust, transparently  
Here in what you see, not only speech  
Too shy to share my tears in dreams  
I scream  
Get lit

Everybody had a good time, everybody had a good time  
Everybody had a good time, better yet, I'm getting mine  
Everybody had a good laugh, laughed until we cried  
Everybody had a good time, everybody had a good

In the morning, we wake up  
Woke up, and the sun's still shining  
Feeling fuzzy and shook up  
Woke up, and we're still alive

Everybody had a good time, everybody had a good time  
Everybody had a good time, better yet, I'm getting mine  
Everybody had a good laugh, laughed until we cried  
Everybody had a good time, everybody had a good
