Street mu' fuckas wan' steal, this, shit  
Sweet mommy butter gon' feel, this... dick  
Perfect aim, of purple rain, I hurt your dame  
The first with 'caine, and my department sayin'  
Shit, so I picked up, fixed up  
Every connect that get the six up, got the feds mixed up  
With cartels, cream machines like Carvel  
Gettin' brain in the back of the plane like doorbells (Ding Dong)  
Who is it? liquid kids, they gifted jizz  
All work and no play, find a different busi'  
Sprayin' pipe, or layin' pipe, my game is tight  
Dead bitch in the ceilin' do you think she'll stay tonight?  
Plate it right, I'm in my own hell, oh... well  
Little piece of heaven every time these hoes' sell  
That sour broten every hour plottin'  
P-O-L-I-C-E-M-A... N rottin' in

DTs'll leave that ass, I delete that case  
Protect me and that cash out, leave that place  
'Cause if you want this dirt done it needs to be that way  
Crack-heads throw bottles, we don't need that hate...  
We crack heads for an hour... free that base  
Put men on it, and let the pen lean on 'em  
If they don't hit us with our cut they get caught up!  
And every police meetings and precincts will get brought up  
Look, I scheme your bra, stealin' cars  
So when you go to jury duty dude, the heat is on  
And get crackin' with the police, you done did it!  
I tow cars every weekend, who wants tickets?  
And when I see bitches I holla, you gon' get it!

Fuck the town of Wallkill, bust the rounds, it's jaws still  
Haters talk through the fence, hence, we on the ball field...  
Cop creeper, Glock heater, that pops sweeter  
Than that chick from Rocksteady after Fox beeped her...  
NightHittawks, the right cake widdocks  
Don't argue with a gun, hun, I'll take the tit off!  
Milkin' apocalypse later, let's think now  
Dog fights on me? they can't make this sit down!

And I stay here... 'till the cash is counted  
And if a dollar's missin' I'mma blast your houses!  
Bitches say I'm violent when I ask for silence  
When I put 'em in a movie when they ass is dyin'  
And get 'em coked up, have them asses flyin'  
And get 'em smoked up, when them sirens cryin'  
And get 'em knocked out when I call brigades!  
Bring you up, FBI boys tossin' grenades...
