

CHERRY BLOSSOM

Cailin Russo

Everyone's moving
Everyone's talking
Everyone's dancing
Everyone's watching
You're gonna blow it
You're gonna blow it
You're gonna blow it

You're so sweet
You rotate like an angel
Doubt you'll figure it out (cherry blossom)
Cherry blossom

Something in the way you move
Making your way through the room
You're so lost in the walls
Why'd you come here
I'll just figure it out (In bloom)

Cherry blossom
Cherry blossom (in bloom in bloom)
Cherry blossom (in bloom)
Cherry blossom
Cherry blossom (in bloom in bloom)
Cherry blossom (In bloom)

Even if I'm in the clouds babe
I I I can't let you down
Cherry blossom (Cherry blossom)
Even if I'm in the clouds babe
I I I can't let you down
Cherry blossom

Even if I'm in the clouds babe (cherry blossom)
I can't let you down
(Cherry blossom cherry blossom)
Cherry blossom
Cherry blossom

Cherry blossom
Cherry blossom
(Something in the way you move)
Cherry blossom
Cherry blossom
