

Hierarchy

Cailin Russo

All of us are at the same party
And I don't really fuck with hierarchy
But I love a quick fix, smoke a cigarette
Have a contest who can get more lit
And you won, like I know you would

And I try, I try, I try, I try, I try
To fix these broken thoughts from crawling through my mind
And I wish the best and hope that you can see the light
But if it's not the time
Then it's not the time

In a room full of dominos
I'ma be a wild flower
Coasting with wild colors, oh
And I don't need validation, baby
I'ma be a wild flower
Coasting with wild colors, oh

Like a wild flower, like a wild, ooh
I'ma be your wild flower, flower, flower
Like a wild flower, like a wild, ooh
I'ma be your wild, wild, wild, wild

Getting lifted at the after party
And I don't know why you've been acting salty
Looking at the me so weird, sip your belvedere
And you don't even know the reason why I'm fucking here
But it's all good, yeah it's all good

And I try, I try, I try, I try, I try
To fix these broken thoughts from crawling through my mind
And I wish the best and hope that you can see the light
But if it's not your time
Then it's not your time

And in a room full of dominos
I'ma be a wild flower
Coasting with wild colors, oh
And I don't need validation, baby
I'ma be a wild flower
Coasting with wild colors, oh

Like a wild flower, like a wild, ooh
I'ma be your wild flower, flower, flower
Like a wild flower, like a wild, ooh
I'ma be your wild, wild, wild flower

Da-la-la-la-da-da
I'm running out of time
Da-la-la-la-da-da
I've had this one a thousand times
Da-la-la-la-da-da
And I've heard that line a thousand times
Da-la-la-la-da-da

Like a wild flower, like a wild, ooh

I'ma be your wild flower, flower, flower
Like a wild flower, like a wild, ooh
I'ma be your wild, wild, wild flower
