

HIS AND HERS

Cailin Russo

I want it all
I want it all
I want it all

Warm water down my skin
If I let you dry out

I got something for you
I got something for you
When you come up for air
Get a fist full of hair
(Ooooh)

Sugar honey
Sucking on me
Mmmmm

Like ya mommy
I'm not your mommy
Mmm

I'm a lady
Not your baby (Not your baby)
Mmm

Call me crazy
Don't call me crazy

Put me out
Like a spouse on a bad day
Knocking on your door
Like the headboard
Yesterday

Hear me out
I bring the sun like a flash bang
I can bring the moon too
Crescent when my hips move

Ooo oooo
Crescent when my hips move
Ooo ooooo
Crescent when my hips move
Ooo ooooo
Crescent when my hips move
Ooo ooooo

In between heaven and hell
Behind my eyelids
Butterfly kisses for the time spent

In between him and her
Her and him
I like it
I'm undecided
But I like it

In between heaven and hell
Behind my eyelids
Butterfly kisses for the time spent

In between him and her
Her and him
I like it
I'm undecided
But I like it

Not undecided when I get excited
Locked in your iris
Don't care who's invited
Make me your violence
Your riot
Your siren
I'm not scared of dying
I tried it
And I like it
Ooh ooooh
And I like
Ooh ooooh
And I like it

Just fall into me
Fall into me
I like all your violets
Your vines are growing
Run right through me
Our roots are intertwining
Ooh uh ooh
Ooh uh ooh
