Yah yah

Hate it or love it  
I'm yours and your mine  
Let's not even discuss it  
Bathtub is running  
Drifted apart it's all good

I'm your yah (Yah)  
Yah yah yah yah  
Yah yah yah  
I'm your yah  
Yah yah yah Yah  
Yah yah yah yah yah yah yah

You still keep me on your right side  
You got my name tied  
I never wanted you

You know I keep you in a good place  
But it's your birthday  
I really miss you  
Yah

Yah  
Do I still come up in your down time  
Is your line wide  
What's your girl like

Yah

Maybe now I notice everything  
I miss your mother  
I miss your sister

Yah

Yeah yah

Watching all my life  
Tryna pree my ting  
I can see your vibe  
I can feel it all  
(Never looking back)  
I can feel it all  
I can't see it all  
(I can feel it all)  
Heaven on my thighs  
(Never looking back)  
Now we're locking eyes  
(Never looking back)

Watching all my life  
Tryna pree my ting  
I can feel your vibe  
I can feel it all  
I can feel it all

I can't see it all  
Heaven on my thighs  
Now we're locking eyes

I can't see it all  
Heaven on my thighs  
Now we're locking eyes

Yah
