

I Will Build You A Rome

Cain's Offering

A word or a touch.
All I need, I'm not asking for much.
Take my hand, I will follow you home.
With these hands I will build you a Rome.
Where they will never find us.

No need to be scared.
I don't care about who you were.
All that matters is right here and now.
What will come there is no way to know.
But we'll face it together.

You'll never need to ask for more.
You know you can have it all.

My love, my soul, my heart.
Are yours if you just want.
To share your life with me.
Forevermore.
They will not burn our Rome.
My heart will always be your home.
As long as you will have me.

Since we began.
You have turned me into a man.
Into someone I wished I could be.
I believe and the gods they decree.
We were meant for each other.

You'll never need to ask for more.
You know you can have it all...

The only heaven I need is you.
Always so tender and always true.
You are the spark that can light up my dark.
Forever safe right here in my arms.

And I don't just love you for who you are.
But for what you have made out of me.
Not for your beauty so easy to see.
But for me making me now complete.
