CAIN

When you met Jesus
Times were easy
Walking closer every day, woah
But the days got longer
And the nights got harder
Now you can't even call His name

Hey, we've all been there
I've been there

Runnin' outta road, don't know where to go
Let me tell you my friend
Keep following Jesus
Keep following Jesus (Hey)
Oh, yeah
Take another step, fix your eyes ahead
Hey, you're doing alright
Keep following Jesus
Keep following Jesus

'Tis so sweet to trust in Jesus
You can take Him at His word (Hmm, oh)
Oh, it's a never-ending, it's a sweet surrender
And it's gets better as you go

I had to go there
To get here

Runnin' outta road, don't know where to go
Let me tell you my friend
Keep following Jesus
Keep following Jesus (Hey)
Oh, yeah
Take another step, fix your eyes ahead
Hey, you're doing alright
Keep following Jesus
Keep following Jesus

When you wake in the morning (Keep following)
As you walk through the day (Keep following)
It's always the right time (Keep following)
To call on His name (Keep following)
When you're rejoicing (Keep following)
When you're in pain (Keep following)
And when you feel lost (Keep following)
He'll show you the way (Keep following)

Oh, runnin' outta road, don't know where to go
Let me tell you my friend
Keep following Jesus
Keep following Jesus (Hey)
Oh, yeah
Take another step, fix your eyes ahead
Hey, you're doing alright
Keep following Jesus
Keep following Jesus
