

# Revival

CAIN

There are days when I wake up  
And My faith is cold and tired  
The light feels so dim  
It's not like me just to give up  
So I'm bringing you my dry bones  
Breath in me again

Need that wind to start blowing  
Need these eyes to be opened  
Need my heart to keep hoping  
So I'm calling out

I need a revival  
Feel you moving in my soul  
Give me that fire I haven't felt in far too long  
Holy Ghost come awaken  
Bring me back to the days when  
Wonder working power  
Was alive in me

Oh, I need a revival (Revival)  
Revival (Revival)  
Revival, oh (Revival)

Hmm, I remember the first time  
When the words in the bible  
Jumped right off the page  
New beginning and a new life  
Felt the joy of my salvation  
Oh won't you take me  
Take there today

I need a revival  
Feel you moving in my soul  
Give me that fire I haven't felt in far too long  
Holy Ghost come awaken  
Bring me back to the days when  
Wonder working power  
Was alive in me

Oh, I need a revival (Revival)  
Revival (Revival)  
Revival, oh (Revival)

Need that wind to start blowing  
Need these eyes to be opened  
Need my heart to keep hoping  
So I'm calling out

Need that wind to start blowing  
Need these eyes to be opened  
Need my heart to keep hoping  
So I'm calling out

Need that wind to start blowing  
Need these eyes to be opened  
Need my heart to keep hoping

So I'm calling out

I need a revival  
Feel you moving in my soul  
Give me that fire I haven't felt in far too long  
Holy Ghost come awaken  
Bring me back to the days when  
Wonder working power  
Was alive in me

Oh, I need a revival (Revival)  
Revival (Revival)  
Revival, oh (Revival)

Oh, I need a revival (Revival)  
Revival (Revival)  
Revival, oh (Revival)
