

# Shine On Us

CAIN

Oh-oh-oh-oh  
Oh-oh-oh-oh

Even in the darkness  
We are not without a light  
Always looking on Your people  
Not for a moment  
Have we escaped Your sight  
More faithful to us  
Than the morning sun  
We know where our help comes from

God of love  
Let Your face shine on us  
Father above  
Light of the world  
Your goodness  
Fills the skies  
We see the kindness  
In Your eyes  
Father above  
Light of the world  
Come shine on us

In summer or in shadows  
You see us just as bright  
Whoa  
You bless us and You keep us  
We are Your people  
We wear Your name with pride  
We lift up our voices and raise our hands  
We stand in Your radiance  
Oh

God of love  
Let Your face shine on us  
Father above  
Light of the world  
Your goodness  
Fills the skies  
We see the kindness  
In Your eyes  
Father above  
Light of the world  
Come shine on us  
Oh-oh-oh-oh  
Oh-oh-oh-oh  
Father of love  
Light of the world  
Come shine on us

'Cause nothing is better  
In this moment we're in  
Just to be in Your presence  
Feel the warmth on our skin  
Oh-oh  
Nothing is better

Than this moment we're in  
Just to be in your presence  
Feel the warmth on our skin

It's sweeter, it's greater, it's perfect  
We open our hearts and we worship

God of love  
Let Your face shine on us  
Father above  
Light of the world  
Your goodness  
Fills the skies  
We see the kindness  
In Your eyes  
Father above  
Light of the world  
Come shine on us

Oh-oh-oh-oh  
Oh-oh-oh-oh

Father above  
Light of the world  
Come shine on us
