

Through Jesus

CAIN

I've been through heartbreak
Through trials of many kind
Running on my own
But running out of fight
The enemy had me
Thinking I would lose
But I called on my Savior
And my Savior came through

Through Jesus, I have overcome
Through Jesus, all my chains are gone
By His power I stand in victory
His blood has washed my sins away
His presence is my hiding place
The devil better know
If he's ever gonna get to me
He's gotta go through Jesus (Jesus)
Through Jesus (Jesus)

His arms surround me
There's no place I'd rather be
What can come against me
In the shadow of his wings?
I know the battle's coming
But I won't be afraid (Oh, no)
'Cause I know the God (Yes, I do)
Who defeated the grave

Through Jesus, I have overcome
Through Jesus, all my chains are gone
By His power I stand in victory
His blood has washed my sins away
His presence is my hiding place
The devil better know
If he's ever gonna get to me
He's gotta go through Jesus (Jesus)
Through Jesus (Jesus)

He is on my side
Gives me what I'm needing
I can do all things
Do all things through Jesus
He is on my side
Gives me what I'm needing
I can do all things
Do all things through Jesus

Mmm, all my chains are gone
By His power I stand in victory
Oh yeah, oh
His blood has washed my sins away (Sins away)
His presence is my hiding place (Oh, yeah)
The devil better know
If he's ever gonna get to me
The devil better know, the devil better know
He's gotta go through Jesus (Jesus)
Through Jesus (Jesus)

He's gotta go through Jesus (Jesus)
He's gotta go, if he's ever gonna get to me (Jesus)
He's gotta go through Jesus
