

Wings

CAIN

Here we go
One, two, three, four
Oh woah

Heavy days, heavy heart, got that heavy burden
Weighing on my shoulders now
Troubled times, troubled mind, got that troubled feeling
Always tries to bring me down

The world can wait 'cause I'm gonna wait on You
I feel my spirit lifting when I do

I'm gonna fly with wings like eagles
Soar high above it all
Gonna rise to a new horizon
Yeah, watch my worries fall
Gravity ain't got no grip on me
'Cause I've got wings
Oh, you know I've got wings, yeah
Oh woah

I might be down here, feet stuck on the ground here
But You keep my head above the clouds
All of the problems, way too big to solve 'em
Are so much smaller looking down

'Cause only You can change my point of view
I feel my spirit lifting when You do
Oh-oh

I'm gonna fly with wings like eagles
Soar high above it all
Gonna rise to a new horizon
Yeah, watch my worries fall
Gravity ain't got no grip on me
'Cause I've got wings

Yeah, I've got wings
Oh woah
Mmm

Here we go

I feel the roof coming off of this place
Coming off of this place
I feel your spirit renewing my strength
Yes, Lord
I can hear heaven is calling my name
Yeah, yeah
And I feel the roof coming off of this place, yeah

And I'm gonna fly with wings like eagles
Soar high above it all
Gonna rise to a new horizon
Yeah, watch my worries fall
Hey
Gravity ain't got no grip on me

Oh yeah, oh yeah
'Cause I've got wings

Mmm
'Cause I've got wings
Oh woah
Ah yeah
Oh woah
