

# Cheap Date

Caitlyn Smith

Pop the cork on yesterday's wine  
'Cause I don't feel like going out tonight  
Let's spin a couple of forty-fives  
And order some Chinese takeout

Do the dishes and turn down the lights  
Watch West Side Story for the eighteenth time  
I couldn't think of a better way to spend my Friday night

No cover charge or taxicabs  
C'mon, baby, what do you say?

I'll be your cheap date  
Put my little black dress away  
'Cause I'm not really into the party downtown  
I'm more about the right here, right now  
Think of all the loving we'll make  
Think of all the money we'll save  
You don't have to go far to take me home  
I'll be your cheap date

Never cared much for fancy champagne  
Unpronounceable fancy French names  
I'd much rather just sit on the couch and make out

Mmm, it's been long hard week  
And I don't want nothing but you holding me

I'll be your cheap date  
Put my little black dress away  
'Cause I'm not really into the party downtown  
I'm more about the right here, right now  
Think of all the loving we'll make  
Think of all the money we'll save  
You don't have to go far to take me home  
I'll be your cheap date, hey

Come a little closer baby  
Let me be your cheap date

I'll be your cheap date  
Put my little black dress away  
'Cause I'm not really into the party downtown  
No, I'm more about the you and me, right here and right now  
Think of all the loving we'll make  
Think of all the money we'll save  
You don't have to go far to take me home  
I'll be your cheap date  
Ooh, I'll be your cheap date
